

Lincoln-Pipestone Rural Water System
WATER SYSTEM TREATMENT PLANT OPERATOR -
Near Boyd, MN

Lincoln-Pipestone Rural Water System is seeking a dependable, service-oriented individual to help operate and maintain a rural water treatment facility near Boyd, Minnesota. Duties include monitoring treatment processes and equipment, testing and documenting water quality, performing routine maintenance, troubleshooting issues, safely handling chemicals, and responding to alarms or emergency conditions. Applicants must have a valid driver's license, basic mechanical and computer skills, and the ability to obtain required Minnesota water operator certification and a CDL within one year. Training is provided. The position includes on-call rotation, weekends, and holidays. Applicant must live or be willing to relocate to within 20 minutes of the treatment plant being built near Boyd, MN. Competitive salary and excellent benefits offered.

If interested, submit resume to Lincoln-Pipestone Rural Water System, ATTN: Jodi Riedel, 1893 County Rd. 124, PO Box 188, Lake Benton, MN 56149. Phone: (507) 368-4248; Email: etech@lprw.com. Lincoln-Pipestone Rural Water System is an Equal Opportunity Employer.
